

**Supporting Digital and Green
Transformation of
Manufacturing SMEs**

Driving the Future of Manufacturing with Innovative SMEs

MANTRA is developing a training and capacity-building program to empower manufacturing SMEs become more sustainable, competitive, and resilient by providing financial and technical support.

These SMEs will begin their **MANTRA journey** and collaborate with **tech-savvy partners** to form strategic alliances and drive innovation in the manufacturing industry.

MANTRA targets EU manufacturing SMEs willing to uptake advanced technologies and social innovation in 6 focal sectors

Machinery

Food

Textile

Plastics

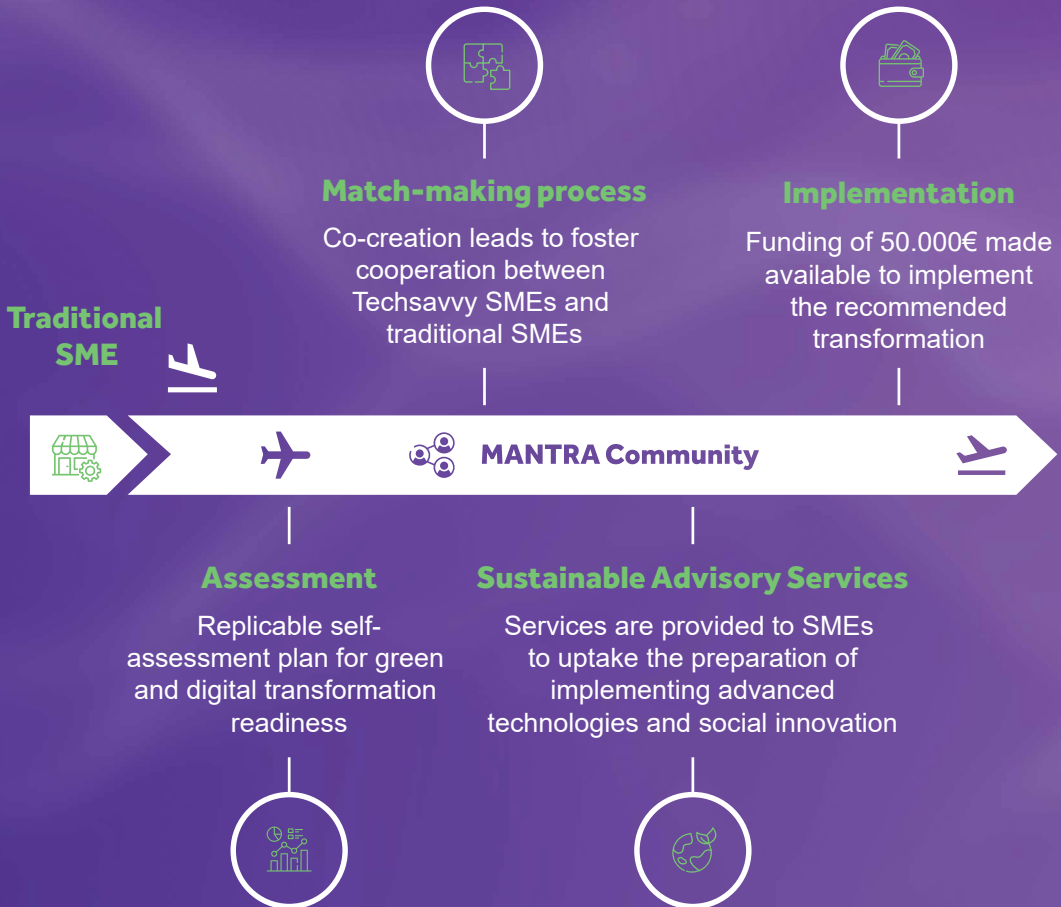

Ceramics

Metals

Start your MANTRA journey

Joining the MANTRA community platform provides SMEs access **tailored tools, services, and inspiring success stories** to empower European manufacturing SMEs to adopt greener practices and integrate advanced technologies.

The MANTRA Community Platform serves as a one-stop-shop for supporting manufacturing SMEs across the four the phases of the MANTRA journey.

Join the MANTRA Community

50 selected SMEs will start their MANTRA transformation journey connecting through the community platform.

Launched in November 2024, MANTRA is a 3.5 year project built on a consortium of eight partners from seven countries.
